

TRADING ADDICTS

Membership Features

<p>MORNING MACRO NEWS AND VIEWS</p>	<p>E-mail sent before the market opens every trading day. Analyzes overnight action in overseas and futures markets. Includes daily bullish percent readings for broad market and industry groups; includes NYSE McClellan, value areas, and daily pivot points for many futures markets.</p>
<p>TRADE ALERTS</p>	<p>Real time trade alerts sent via e-mail and posted to the Ticker during regular trading hours. Subscribe to trade alerts through the Trade Track page, under the Ticker link.</p>
<p>TRADE TRACK</p>	<p>Daily e-mail sent after the market closes, reviewing the overall action in the market and recapping individual positions and Trade Alerts. Also posted to the site.</p>
<p>WEEKLY WATCHLIST</p>	<p>Presented in video format, the Weekly Watchlist is posted at the beginning of each trading week. Jeff offers up a bountiful supply of fresh trading ideas in this video.</p>
<p>MARKET WRAP</p>	<p>A quick look at the overall market and its position ahead of the opening bell. Included are daily ideas, lists of bullish and bearish charts and set-ups. Posted to the Ticker.</p>
<p>TA DAY</p>	<p>The flagship webinar held every trading day from open to close. TA Day is a fast-paced look at the markets with an emphasis on <u>day trading futures</u>.</p>
<p>TA LIVE</p>	<p>Daily webinar held every trading day at 12:00 NOON ET. This is a dynamic look at the trading day, including stock and option trading opportunities and Q&A. Duration: 90 minutes. Recordings are available for download in the afternoons.</p>

<p>TA MEETING</p>	<p>Weekly webinar with a focus on conceptual strategies, techniques, and tactics. Held every Wednesday at 7:00 PM ET. Ample time for Q&A. Duration: 60 to 90 minutes.</p>
<p>PRICE PATTERNS TUTORIAL</p>	<p>An uncommon value in its own right, the Price Patterns Tutorial is a book of trading knowledge at over <i>300 total pages</i>. Download the entire e-book or view the online tutorial to learn how to effectively trade price patterns. Bonuses include investor psychology tips and trend identification.</p>
<p>POINT AND FIGURE</p>	<p>An old school charting method used by the Trading Addicts, brought to you in a comprehensive online tutorial, complete with over nine hours of webinars and six lesson outlines.</p>
